

OVASITOL™

INOSITOL SUPPLEMENT

THERALOGIX

OVASITOL

Why Ovasitol™?

Ovasitol is an inositol supplement formulated to promote menstrual regularity and normal ovarian function in women.*

How Is Ovasitol Different?

Ovasitol is the first and only inositol supplement that has been independently verified for content accuracy and purity through a not-for-profit certification program (NSF International).

Ovasitol contains a tasteless and odorless powder, packaged in a convenient packet to empty into water or other beverage.

Each stick pack of Ovasitol contains 2,000 mg of myo-inositol + 50 mg of D-chiro-inositol, in the body's normal ratio of 40 to 1.

More About Inositol

Inositol is a nutrient found in fruits, beans, grains, and nuts and is also made by the body. Studies have shown that inositol improves the way the body uses insulin and promotes normal hormone levels, which in turn promote regular menstrual cycles and normal ovulatory function.¹⁻³ Inositol also supports normal lipid levels⁴ and promotes egg quality in certain women trying to conceive.⁵⁻⁶

There are several different forms of inositol, including myo-inositol and D-chiro-inositol. Recent studies have shown that taking a combination of these two forms, in the body's naturally occurring ratio, is more beneficial than taking myo-inositol or D-chiro-inositol alone.⁷⁻⁸

Why Theralogix?

NSF® International Dietary Supplements Certification

Theralogix is committed to providing only the highest-quality nutritional supplements. Ovasitol is tested and certified by NSF International, a not-for-profit organization that is the world leader in standards development and product certification for public health and safety. NSF has implemented the highest quality control standards in the supplements industry. The NSF mark is your assurance of a dietary supplement's content accuracy, purity, and freedom from contaminants.

Manufactured in an NSF-Registered Facility

The facility where Ovasitol and other Theralogix nutritional supplements are manufactured is registered with NSF and is in compliance with current Good Manufacturing Practices (cGMPs). These guidelines define the manufacturing processes, procedures, and documentation that assure the identity, strength, composition, and quality of the product.

Medical Advisory Board Oversight

The leading academic physicians and scientists of the Theralogix Medical Advisory Board meet regularly to oversee all product formulations. You can be sure that Ovasitol is safe and reflects ongoing review of the most current scientific evidence.

Ovasitol (180 servings)

Supplement Facts

Serving Size: 1 Packet (3.1g)

Servings Per Container: 180

	Amount Per Packet	% Daily Value
Calories	5	
Total Carbohydrate	1 g	<1% **
Myo-Inositol	2000 mg	*
D-Chiro-Inositol	50 mg	*

** Percent Daily Values are based on a 2,000 calorie diet

* Daily Value not established

Other Ingredients: Maltodextrin

Directions for Use: Take two packets per day — one packet in the morning and one packet in the evening. Stir contents of each packet into water until powder is dissolved, then drink.

Women trying to conceive should take Ovasitol along with a prenatal vitamin and mineral supplement such as TheraNatal Core or OvaVite.

Ordering Instructions

Our auto-refill program includes free delivery. Automatic refills are timed to arrive just before you run out. You will only be charged when your order ships. You may cancel, postpone, or change the interval of your shipments at any time.

Theralogix products are not available in stores.

Order **Ovasitol** without a prescription online at www.theralogix.com or by phone 24/7 at (800)449-4447.

Theralogix nutritional supplements are recommended for use under the supervision of a healthcare provider; customers referred by providers receive preferred pricing. Please use the Provider Referral Code (PRC) printed below when you order. This informs your healthcare provider of your order and provides you with preferred pricing.
